

## **Sedge Identification Workshop**

Date: June 17-18, 2014

Time: 9:00 a.m. both days

Location: College of the Siskiyous  
Science Building 7, Room 122  
Weed, CA 96094

(For directions to the College of the Siskiyous and a campus map go to <http://www.siskiyous.edu/maps/> )

Cost: \$275

Instructors: Dr. Barbara Wilson, Dick Brainerd, and Nick Otting

Carex Working Group is pleased to offer a workshop on sedge identification on June 17 and 18, 2014. This two-day workshop will emphasize sedges of the northern California. The first day will be spent in the lab learning sedge morphology and terminology and keying fresh and dried material. Participants are encouraged to bring their own plants to work on. The second day will be spent in the field and will emphasize field identification and ecology of sedges.

This workshop will be useful for resource managers, wetland consultants, natural area managers, restoration planners, and anyone who wants to cultivate an irrational passion for the less showy plant groups. Workshop participants should have basic plant identification skills.

### **Workshop Materials**

Keys: We will supply copies of the "Field Guide to the Sedges of the Pacific Northwest, Second Edition" for use in the workshop. We will also be selling the book for those wishing to buy a copy.

Other items to bring:

- 10x hand lens
- Dissecting tools (forceps, needle probe) if you have them
- Notebook
- Floras and sedge identification resources (optional)
- Appropriate field clothing: hat, raingear, etc.
- Local sedges from your home area, to identify in the lab
- Sack lunches (restaurants are available in Weed for the 1st day)

Dissecting microscopes and a limited quantity of dissecting tools will be provided.
